

Anthony Sblendorio
Principal
Back To Nature
PO Box 153
Oldwick, NJ 08858

Dear Anthony,

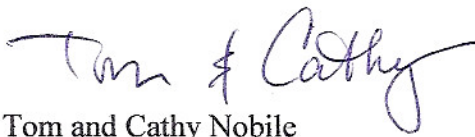

We must tell you what happened to us, as you certainly deserve the credit. Senior officials from the town of Westfield were on our property reviewing recently completed work when they remarked several times that our landscaping was beautiful. Not long after, an arborist walking around our property to review the health and status of the trees made similar comments, noting its natural beauty.

Reflecting on these events and more, we concluded it fitting to write this letter to formally express that you and your entire organization must be commended for a job well done. Allow us to detail our experience. In 2001 we engaged Back To Nature to design and execute a landscape plan for our property. All aspects of the project met our expectations. The design introduced a variety of plant colors and textures, and created pathways that enhance the flow of movement around our house. The construction of the hardscape stonework elements like the patio, grill, and walls were beautifully conceived and constructed. The plantings flourish and thrive, a tribute to your selection of local vegetation that naturally feels at home in our yard. Throughout the seasons there is always something either blooming or otherwise providing a focal point that moves around our yard as the seasons change.

Post-construction we have retained Back To Nature to maintain the health and beauty of our property. We always find the members of your staff courteous and helpful, willing to go that extra step to keep it in top shape. As pointed out above, we frequently receive compliments on the beauty of our yard and on a number of occasions have recommended your services to people that we know.

Back To Nature has transformed our property into an extension of our home, space that we regularly utilize to entertain or simply enjoy as our home. Thank you again, for a job well done.

Sincerely,

A handwritten signature in cursive script that reads "Tom & Cathy". The signature is written in dark ink and is positioned above the printed name.
