Mr. Anthony Sblendorio, President  
Back to Nature  
152 Oldwick Road  
PO Box 153  
Oldwick, NJ 08858

Dear Anthony,

I am writing to express my sincere thanks for all of the excellent work that you and your staff have done for my family and me. The list of services that Back to Nature has provided and continues to provide to us is long and includes such varying things as general landscape design and implementation, organic garden design and installation, and customized services that can only be described as "lifestyle services."

In short, you have helped my family and me to achieve our outdoor living lifestyle goals in highly personal and specialized ways. Back to Nature designed and planted an apple orchard on our property so that I could make applesauce with my grandchildren. You've hired and managed exceptional consultants who have made it possible for us to create our own natural soap and to keep bees for the production of our own honey. You've even provided us with labels for our honey jars!

Moreover, I appreciate the business relationship that I've been able to develop over the years with Back to Nature. As you know, my company has had the occasion to support Back to Nature's green development endeavors as an investor. We are consistently pleased to have the opportunity to do well by doing good and we are thrilled to be associated with such innovative projects.

Thanks again for all of your hard work, and I look forward to continuing our relationship in the future.

Sincerely,

James Hanson
